PROFESSIONAL PROFILE

Junior Fullstack Developer with practical experience building and deploying web applications from concept to production. I have worked on real projects involving both user facing features and server side functionality, including database integration and application deployment. I am comfortable contributing across the full development cycle, from implementing responsive interfaces to structuring backend logic and APIs. I focus on writing clean, maintainable code and take a structured approach to problem solving. Motivated to grow within a collaborative team where I can learn, contribute, and continuously improve.

TECHNICAL SKILLS

Frontend	Backend	Database	Tools & DevOps
<ul style="list-style-type: none">• HTML• CSS• JavaScript• React• Next.js• Responsive Design	<ul style="list-style-type: none">• Node.js• Go (Golang)• Fiber• REST API development	<ul style="list-style-type: none">• PostgreSQL• SQL fundamentals	<ul style="list-style-type: none">• Git• GitHub• Docker• Vercel• VS Code

PROJECT EXPERIENCE

Portfolio Website (Personal Project) - React | JavaScript | HTML | CSS
<https://portfolio-avq6.vercel.app/>

- Designed and developed a responsive portfolio website independently.
- Built reusable components with a maintainable project structure.
- Implemented custom styling and responsive layouts.
- Deployed the application to production using Vercel.

MetalGateLeeds (Business Website) - React | Next.js | JavaScript | CSS | PostgreSQL
<https://www.metalgateleeds.co.uk/>

- Developed a complete website for a UK based company.
- Built a responsive frontend and implemented backend functionality.
- Integrated PostgreSQL for structured data management.
- Delivered a production ready solution for client use.

Bus Ticket Reservation Platform - Go | Fiber | PostgreSQL | Docker
[In Progress](#)

- Developing a backend system for ticket booking and management.
- Designing RESTful APIs for reservations and data handling.
- Applying clean architecture principles for scalability.
- Containerizing the application using Docker for deployment.

EDUCATION & COURSEWORK

Bachelor's Degree in Landscape Architecture Istanbul Cerrahpasa University	Istanbul, Turkey Sep 2019 - Mar 2024
Frontend Developer Programme OTEK Academy Career Center	Istanbul, Turkey Jul 2023 – Sep 2023
Computer and Information Sciences and Support Services Programme Istanbul Gedik University	Istanbul, Turkey Jul 2023 – Sep 2023

CORE COMPETENCIES

- Strong problem solving skills with the ability to break down requirements into structured technical tasks
- Comfortable collaborating with clients and translating functional needs into working features
- Careful attention to code structure, readability, and maintainability
- Adaptable and quick to learn new tools and development practices
- Reliable, organized, and comfortable working in agile environments

LANGUAGES

English (Fluent), **Azerbaijani** (Fluent), **Turkish** (Fluent), **Persian** / Farsi (Native)
